

Cool under pressure?

Take part in SkillFRIDGE and rise to the top in the UK-wide search for the finest refrigeration and air conditioning trainee engineer.

SkillFRIDGE has been designed to promote standards and skills across the refrigeration and air conditioning industry, developing competence into excellence. Competitors will undertake a series of practical tests based on real-life work which will demonstrate their abilities and highlight their outstanding skills in their industry.

The winner of the UK final may also have the chance to compete along with other UK team-mates in the WorldSkills competition and become truly world-class.

Summit SKILLS

In association with
ukskills

The competition process for SkillFRIDGE 2011:

Stage 1 – identifying your best candidate

- Colleges and employers identify suitable candidates using the Skill M&E talent spotting checklist and in-house brazing assessment task and register their best competitors by 24 March 2011.

Stage 2 – assessing the candidate*

- All nominated candidates are assessed to test their underpinning knowledge and practical appreciation (Spring 2011).

Stage 3 – UK semi-final competition*

- Successful candidates will undertake practical assessment for selection to UK final (Spring/Summer 2011).

**Stages 2 and 3 may be combined depending on volume of entries*

Stage 4 – UK final skills competition

- The top candidates from the semi-final competition will compete in the UK final (Summer/Autumn 2011).

Stage 5 – WorldSkills selection

- There may be an opportunity for the highest scoring candidates from the UK final to be invited to the UK Skills selection event.*

**candidates need to fall within the age parameters and work standard set by WorldSkills UK (for WorldSkills 2013 candidates will need to be born on or after 1 January 1991)*

Be part of it!

If you think you've got someone, or a number of people, that fit the bill – we want you to nominate them for SkillFRIDGE – visit www.skillfridge.org.uk or call us on 01908 303960.

We're also always looking for industry partners to work with to promote and support the competitions – please contact us for more information.

Overall...

SkillFRIDGE 2011 isn't a one off event, this competition will take place each year. So if you've missed the window for nominating this year, you will still have a chance for the 2012 competition.

SkillFRIDGE is part of Skill M&E – four skills competitions that search for the finest mechanical and electrical engineers from the building services engineering sector. You may also have candidates suitable for our SkillELECTRIC, SkillPIPE and SkillPLUMB competitions – visit our website or call us to find out more: www.skillMandE.org.uk
